---

## **EUROVIC 2010**

### **Why a championship?**

Since 1953, the roller-skate is practice in the region of Osona in spare time and weekends the people went to the skating rink "Sileta" to practice that sport and celebrates championships later on.

On 1970, different schools emerge as an offer to create different clubs and associations in the region.

In 1988, on the Council pavilion of Vic , the CEO organize a roller figure skate with the world championships' and best roller-skaters from the country together with all clubs roller- skates and the region schools.

Since then, that sport is very alive in our region.

It is being long time that we will organize that kind of events.

That oportunity to organize the European roller- skate championships' of Junior and Senior groups 2010 in Vic is a grate challenge to achieve, a good objective to practice this sport.

## HEADQUARTERS

The city of Vic is located in the region of Osona, province of Barcelona and at 60 km from the Big City.

Vic is a rich city on trade, Catalan culture and Tourism. Nowadays, the population is about 38.000 inhabitants, also, becomes a plural and rich city because of its geographical site and network system of transport as well. Recently the city believes in cultural and sports investments such as the University, Theatre-Auditorium "L'Atlàntida" and a creation of last year's new pavilion. This pavilion, named, Castell d'en Planes will be the European Roller-Skate Championships' headquarters in September.
